Hi Kate,

Attached are my comments on the NCDAQ air project study plan for which I have assigned an ID number as noted. Please feel free to reach out to let me know if you have any questions.

Best,
Sania

Hi Sania

This is the draft of the NC DAQ study plan for James to do analysis of MM-0010 samples.
Please review and assign a document number. NC DAQ also is providing a final review, but I feel we are complete.

The study plan calls for doing NTA analysis on the samples. We do not expect to get more samples, but the study plan leaves open the option in case we do receive some.

Kate
